Chad Severts, BWSR, provided a presentation on the FY22 Grant Closeout Report. The Report shows that the State Implementation Funding was spent as was intended.

## **NEW BUSINESS**

### **PERFORMANCE REVIEW AND ASSISTANT PROGRAM**

Don Bajumpaa, BWSR provided a presentation on the Performance Review and Assistance Program for the LOWW mid-point assessment. The Kick-Off meeting was held early January. A draft Report will be reviewed by the BWSR Conservationist and LGUs in March before the Final Report is presented on April 28.

### **AUTHORIZE AUDIT BID**

The audit fee by Peterson Company was discussed. It was decided that a letter to the Legislators would be drafted stating that the audit fee was unreasonable for services provided for just one grant. Support will also be asked by each SWCD Board; as well as letters from the other two JPB's that Roseau partners actively participate. The draft letter will be reviewed at the next meeting. Severts mentioned as an alternative that the State Auditor could do it with a significant delay. Severts will investigate the State's cost. A motion was made by Dunnell with a second by Arnesen to approve the Peterson Company LTD bid of \$4000 for the 2024 Audit of the LOWWJPB.

Affirmative: Miller, Phillippe, Thompson, Arnesen, Dunnell      Opposed: None      Motion carried.

### **PLAN REVISION**

Plan revision was discussed. After consideration, the consensus is to wait for year 8 before starting the Plan amendment process. The amendment should take less than \$50,000 based on what HEI has been seeing when they have revised other watershed plans.

#### **WATERSHED BOUNDARY CHANGE**

The LOWW Joint Powers Board acknowledges the western boundary planning area change that had taken place in 2022 that will be carried forward in the plan amendment. The Roseau River WD had submitted a boundary change request to have their jurisdictional boundary within the borders of the Roseau River Watershed Planning Area. LOW SWCD and County, Roseau SWCD and County, and the Warroad Watershed District agreed to said boundary change per process and BWSR had finalized the change. BWSR has since retired the Interim Planning Boundaries for 1W1P data layer as of March 2025. This change does not change the funding formula used for WBIF grants. Changes in private lands acreages, miles of shoreline, or river miles are what can affect the funding formula per Chad Severts (BWSR).
