

The Sustainable Farming Association, in collaboration with Lake of the Woods
and Roseau County Soil & Water Conservation Districts, PRESENTS:

SOIL HEALTH FIELD DAY

Understanding the Biological Soil Tests

Wednesday, July 10, 8am-3pm
Roosevelt Community Center

**Learn how to lower input costs
in your cropping rotation!**

THIS FIELD DAY WILL COVER:

- The biological soil tests suite (Haney, PLFA, and Total Nutrient Digestion) and how to interpret the results
- The potential impact of these test results on our operations
- Evaluating real test results from three local farms and visiting those sites
- Hands-on testing of water infiltration, soil aggregation, and soil compaction

PRESENTERS:

- ▶ Kent Solberg and Jonathan Kilpatrick, Sustainable Farming Association
- ▶ Lake of the Woods and Roseau County Soil & Water Conservation Districts Staff

IT IS FREE TO ATTEND. LUNCH PROVIDED.
REGISTRATION IS REQUESTED,
WALK UPS ARE WELCOME

**ROOSEVELT COMMUNITY CENTER MAIN
STREET ROOSEVELT, MN 56673**
